

## Information about us

Mosaik is a limited company in the non-profit sector. We offer care, consulting and aid for people with disabilities (children and adults.) Our main aim is to enable people with disabilities to integrate in the community.

Mosaik was established 42 years ago by a group of committed parents, who founded the "Styrian federation for people with disabilities".

Facts:

- 500 employees
- 1200 clients

In Styria we are one of the biggest private companies in this field of activity.

Quality is very important for us. Beside the high qualifications of our employees, it is also important that they are willing to respond to the needs of people with disabilities. It is also essential that we enlarge our offers according to the changing needs of our clients.
